# The Milk Machine

- Respond to your health-conscious market with a variety of milk products.
- First-in, first-out rotation
- AMS' patented Sensit® guaranteed delivery system
- ½ plus HP refrigeration with heated triple-pane glass. The Milk Machine, like all Sensit® merchandisers, is insulated with polyurethane foam.
- The right choices of state-of-the-art manufacturing materials, as well as economy of construction, yields a rugged yet cost-effective and dependable Milk Machine.
- Vends up to 288 pints of fresh, wholesome milk.

Available in both  
35" & 39" widths!

# THE MILK MACHINE STANDARD HELIX CONFIGURATION

These diagrams depict the standard 72" height, 39" width, and 35" depth.  
All vendors are also available in a 35" width. The shaded area shows the difference in capacity  
between the two widths. As always, configurations can be customized.
