

Vitalize501

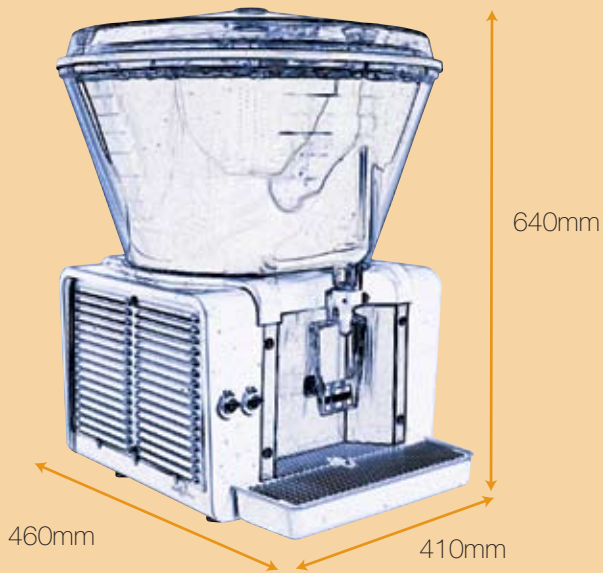

Vitalize501 from IMI Cornelius (formerly known as the Jetspray EJ1) is a simple to use drink dispenser with a huge capacity of thirty litres, ideal for high-volume, quick service operations. With a narrow footprint, the Vitalize501 gives you maximum profit from a minimum space.

The Vitalize501 is ideal for dispensing a range of beverages, including juice drinks, and acts as a self-merchandising visual display - the bowl shape alone attracts attention which leads to impulse sales.
