

Vitalize507

Vitalize507 from IMI Cornelius (formerly known as the Jetspray JS7) attracts consumers' attention with its visual display dispenser and helps generate impulse purchases. It's narrow footprint helps maintain precious worktop space, and the unit is easy to set up - you just 'plug and play'.

The simple to use operation allows easy access for cleaning and the unit can accommodate larger cups to help maximise your profits. With its unique pinch tube system, the Vitalize507 can dispense all types of beverages, including those with heavy pulp and the drink is kept chilled and fresh by the constant agitation.
