

Vitalize512

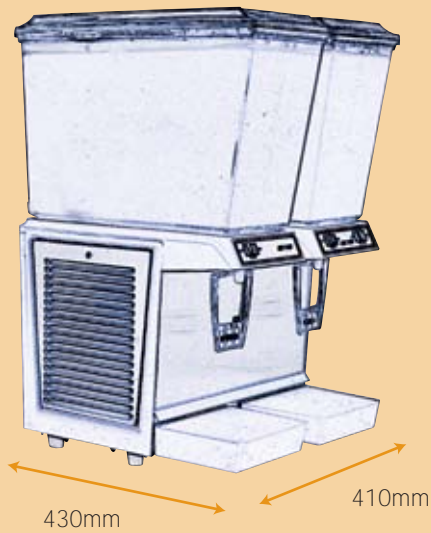

Vitalize512 from IMI Cornelius (formerly known as the Jetspray JT20) is a two-flavour dispenser which attracts consumers' attention with its visual display and helps generate impulse purchases. The interchangeable bowls can be mix and matched to meet variable product demand.

The simple to use operation allows easy access for cleaning and the unit can accommodate larger cups to help maximise your profits. With its unique pinch tube system, the Vitalize512 can dispense all types of beverages, including those with heavy pulp and there is no downtime as one bowl can be removed for cleaning and refilling whilst the other continues to operate.

Key features include:

- Simple to use
- Easy to install
- Easy to clean
- Tamper resistant
