

# Vitalize542

Vitalize542 from IMI Cornelius (formerly known as the Millennium II 6000) is a six-flavour post mix juice dispenser which includes a unique mixing valve and nozzle to ensure a quality drink is dispensed every time. The Vitalize542 has a large capacity ice bank requiring an initial pull-down time of just 5 hours, which enhances performance and provides more cold drinks during peak demand.

The contemporary cabinet design of the Vitalize542 incorporates an eye catching illuminated merchandising panel to prompt impulse sales.

Key features:

- Simple to use
- Easy to adjust brixing system
- Solid state ice bank control
- Completely self contained
- Six product selections plus chilled water
