

Vitalize820

Vitalize820 from IMI Cornelius (formerly known as Loop Aqua) is a stylish over counter cooler which is designed to supply organisations and venues with fresh drinking water. Vitalize820 is ideal for high demand situations such as large offices, fitness studios etc. The unit is made to ensure the highest levels of hygiene are maintained and is connected to the mains water supply which ensures the Vitalize820 is always ready to dispense a perfectly chilled and refreshing glass of water.

Key features include:

- Temperature or icebank control
- Designed for external CO2 connection
- Choice of ambient, chilled or carbonated
- Housing offers ideal opportunity for promotions
- Removable driptray with large capacity
- Integrated display indicates the status of the CO2 supply
